## THE CHINESE BONES GO HOME.

Western Pluck—Gladstone's Manifesto—Seriously Ill—A Lynching—The Spanish at Yap.

## THE CHINESE BONES.

The Remains Found on Pacific Street—Delivered to the Vice-Consul.

SAN FRANCISCO, September 19.—The bodies of the dead Chinese, which were discovered a few days ago in a cellar on Pacific Street, while undergoing the process of preparation for the shipment of their bones to China, were removed to-day from the morgue by the Chinese Vice-Consul and transferred to the steamer City of Peking, which sailed this afternoon for Hong Kong. Vice-Consul Ouyang, at the coroner's request, inspected some remains and expressed surprise at the condition in which they were found. He then signed the following documents, which were left on file at the morgue:

SAN FRANCISCO, September 19.—Received from Dr. C. C. O'Donnell, coroner, bodies and bones of the deceased Chinamen in his possession at the morgue, and also those bones which were not hermetically sealed according to law. K. OUYANG.

SAN FRANCISCO, September 19.—It is hereby agreed upon the return of the bodies and bones now in the possession of the coroner in the public morgue to the Vice-Consul of the Chinese government, that the law will in future be strictly complied with, and furthermore, that no blame is attached to the action of the coroner in the premises. I have heard that the law was violated by the Chinese in this matter and should not like it to occur again. I agree to give up the perpetrator or perpetrators of the deed. I am satisfied that the bodies and bones of the Chinese in the morgue were not interred. K. OUYANG.

## Government Overthrow.

LOXON, September 19.—The populace of Philippolis, the capital of Eastern Borneo, almost to a man, rose in rebellion, yesterday, seized the Governor-General, deposed the government and proclaimed a union with Bulgaria. A provisional government was established. The revolt was so well planned that no disorder or bloodshed occurred, everybody being in sympathy with the movement except government officials. Foreigners in the city are perfectly safe from harm, as is also the property of foreign residents. Immediately after the organization of the provisional government, the militia was sworn in taking the oath of allegiance to Prince Alexander of Bulgaria. It is generally believed in diplomatic circles that the Bulgarian program of rising and suggested a union with Bulgaria. No definite statement can be made at present as to what action the signatory powers to the treaty of Berlin will make respecting the matter. Eastern Borneo was created by the congress of Berlin of 1878, and was given an autonomic government, though forming an integral part of the Turkish empire. A governor-general was appointed by the Porte, subject to the approval of the treaty powers.

## General Hay Dying.

PITTSBURGH, September 19.—Ex-First Assistant Postmaster General Hay is lying at his home in a prostrated condition. He arrived from Cresson Springs last night on a special train and was carried from the car to his residence on a stretcher. His friends say he is not seriously ill, but several persons who saw him say his condition is critical.

## Gladstone's Manifesto.

LOXON, September 19.—The Times, to-day, commenting on Mr. Gladstone's manifesto, says the important fact for the moment, whatever discussion may occur about doubts of the document, is that of Joseph Chamberlain and George Goschen appearing willingly, for the sake of harmony among the Liberals, to take refuge under Mr. Gladstone's umbrella.

## Seriously Ill.

PITTSBURGH, September 19.—Ex-First Assistant Postmaster General Hays is lying at his home in a prostrated and dangerous condition. He arrived from Cresson Springs last night, on a special train, and was carried from the car to his home on a stretcher. His friends say he is not seriously ill, but several persons who saw him say his condition is critical.
